ASBESTOS MANAGEMENT

Hartford System of Schools has an asbestos management plan on file for each school building as required by the Asbestos Hazard Emergency Response Act (AHERA). This management plan has been approved by the Asbestos Program of the Connecticut Department of Public Health and is administered by Hartford System of Schools Designated Person, Mr. Claudio Bazzano, Director of Building & Grounds.

A copy of the plan is available for your review at each school building and at the office of the Designated Person at the Buildings & Grounds Department, 388 Wethersfield Avenue, Hartford, CT 06114.

The management plan contains information regarding the locations of asbestos containing building materials (ACBM) in each school building, the condition of the ACBM and a plan for managing the ACBM.

Our last triennial re-inspection was conducted on January 11th, 2016. Periodic surveillance is required every six months and Eagle Environmental, Inc. performs this inspection.

Questions/concerns regarding this process should be directed to Mr. Claudio Bazzano, Director of Facilities. He can be reached at (860) 695-3233.
