Montessori Magnet at Batchelder

Zone 3

GET TO KNOW US

- A Montessori choice is Education for Life!
- Diversity-rich family engagement supports an integrated student education.
- Art, Music and Physical Education are integrated as a part of each child's daily routine.
- Independent exploration and discovery, using specially prepared Montessori materials, meets individual student needs and interests.
- PK3 students start in mid-September, depending on readiness and allowing for individualized support of each young child as they transition into the school setting.

OUR OPPORTUNITIES FOR SUCCESS

ACCOLADES

We are a proud community that commits itself to the full implementation of Association Montessori Internationale standards.

CURRICULUM

The Montessori Method allows children to explore and discover their individual interests and to learn at their own pace through hands-on work. Classrooms are mixed-age groups.

EXTRACURRICULAR ACTIVITIES

Students enjoy integrated Art, Music and Physical Education as a part of each child's daily routine. Additional arts experiences are provided in partnership with Hartford Performs.

TECHNOLOGY

Students at the elementary level (grades 1-6) are exposed to a variety of technology tools that assist in student-led research.

ABOUT US

Montessori Magnet follows the highly successful educational methods of Dr. Maria Montessori. Classrooms are mixed-age groups serving specific developmental stages: Primary (3 - 6 years); Lower Elementary (6 - 9 years); and Upper Elementary (9 - 12 years).

Communities of children support one another socially, emotionally and academically. Educators guide students to learn at their own pace, exploring and discovering based on their interests. Children learn through hands-on work. Elementary students are encouraged to plan and embark on "going-out" excursions that complement their studies/interests. Children emerge as independent, confident, compassionate, responsible participants and leaders of society.

The Montessori program is Education for Life.
