Zone 1

GET TO KNOW US

- At Renzulli, we believe that engagement, enthusiasm and enjoyment increase academic achievement, and we promote it at all times.
- Our school believes in developing the talents of ALL children.
- We provide a broad range of advanced-level enrichment experiences for all students.
- Renzulli provides follow-up advanced learning for children based on their interests.
- We believe that learning should be fun.

OUR OPPORTUNITIES FOR SUCCESS

ACCOLADES

2019 Governor's Reading Challenge award winners, National History Day award winners, Superintendent Greeting Card Contest winners, Hartford Youth Art Renaissance Contest winners, Participation in the Northern Regional Orchestra and Band, Participation in the CT Children's Choir. We offer 8th grade pathways to two magnet high schools.

CURRICULUM

Instruction centers around the Schoolwide Enrichment Model (SEM), which includes enrichment clusters, general exploratory activities, individual and small group investigation of real problems. In addition, we offer foreign languages, field trips, in school performances, and advanced course work.

EXTRACURRICULAR ACTIVITIES

We offer Middle School Basketball for boys and girls, Middle School Volleyball for girls. Additionally, we offer rotating after school activities such as Art Club, Chess Club, Homework Club, Improv Night, Student Council, seasonal dances and Talent Shows.

TECHNOLOGY

At Renzulli, we offer one to one technology. Classrooms are equipped with SMART Boards and our library is outfitted with Kindle Fires for student use. Students also have access to video cameras, a virtual reality system, and robotic design equipment.

ABOUT US

The Renzulli Academy offers high-quality and distinctive programs to identified gifted and talented youth.

The Academy utilizes the Schoolwide Enrichment Model (SEM). SEM is not intended to replace or minimize existing services to high-achieving students. Rather, its purpose is to integrate these services into "a rising tide lifts all ships" approach to school improvement. SEM provides enriched learning experiences and higher standards for all children through three goals:

1. Developing talents in all children;
2. Providing a broad range of advanced-level enrichment experiences for all students;
3. Providing follow-up advanced learning for children based on interests. SEM emphasizes engagement and the use of enjoyable and challenging learning experiences constructed around students' interests and learning styles.
