ABOUT US

S.A.N.D. School is an environment for active learners, where everyone is expected to work collaboratively, accepting both collective responsibility and accountability. As citizens of the S.A.N.D. community, we will also collaborate with parent and community organizations to develop and implement programs to address the whole child in order for them to transform their world. S.A.N.D. School works with various partnerships in and outside of the school grounds. The Village provides several after-school opportunities where students can continue their academic and social growth. Our partnership with the Hartford Public Library (Ropkins Library) also expands learning via the Homework Club and after-school hours. S.A.N.D. School seeks all community opportunities and celebrates various cultures and backgrounds throughout our work with passion and LOVE.

S.A.N.D. School has a strong Reading and Math program where students engage in learning via small groups. Enrichment opportunities are also available, including Drumline, Sports, and STEAM. We are proud that our Morning and Closing Circles allow us to Build Community.
