Zone 4

## GET TO KNOW US

- Students are able to prepare for college by earning tuition-free college credits while still in high school through the College Board and UConn.
- Experiential learning is offered outside of the classroom through UConn Medical and Dental Schools, University of Connecticut, Central Connecticut State University, and Eastern Connecticut State University.
- Our student body is diverse, representing 50 towns from across Connecticut.
- Teachers challenge their students academically, while supporting their individual learning and growth.
- Parents are welcome and involved through the Parent Teacher Organization (PTO) and School Governance Council.

## OUR OPPORTUNITIES FOR SUCCESS

### ACCOLADES

SMSA is recognized nationally, year after year, by *U.S. News & World Report* and *Magnet Schools of America* as an outstanding school for students.

### CURRICULUM

SMSA offers specialized courses in the Sport and Medical Sciences, such as Biomedical Sciences and Athletic Training. UConn courses are also offered for college credit.

### EXTRACURRICULAR ACTIVITIES

SMSA is a member of the CIAC for high school athletics, offering 13 Varsity sports. In addition, we offer a variety of clubs including International Travelers Club, Chess Club, and club sports for middle school students.

### TECHNOLOGY

Google Chromebooks, PC Labs and SMART Board-equipped classrooms bring digital learning and 21st century skills to all students.

## ABOUT US

The Sport and Medical Sciences Academy (SMSA) is a college preparatory middle and high school with a focus on Sport and Medical Sciences. The Academy's core beliefs – Dedication, Responsibility, Discipline and Respect – are embedded into each student's educational experience to develop social consciousness and leadership skills as they learn and grow.

Students receive a rigorous foundation in Science, Language Arts, and Mathematics, while the theme is applied within the core curriculum through block scheduling, allowing for hands-on, experiential learning.

Emphasis is placed on creating opportunities for advanced study and career exploration in the fields of sport and medicine through job shadowing and internships. SMSA is an educational family where all staff members are invested in all of our students' academic success.
