COVID-19 Vaccine Distribution for HPS Staff

HPS is registered with the CDC VAMS (Vaccine Administration Management System) Program, a web-based application that supports COVID-19 vaccination clinics.

- **Phase 1A:** HPS Health Professionals (In-progress/Underway)
- **HPS Staff 75 and Older** (In-progress/Completed)
- **HPS Staff 65 and Younger:** Projected to begin in late February or early March
- **HPS Staff 65 to 74:** Projected to begin in early February
- **General Public:** Late Spring through Fall
The distribution of the COVID-19 vaccine, along with our continued safety protocols, will help ensure greater safety for all HPS staff. Our planning focus is now on returning more students to the classroom and accelerating learning.

- Expeditious **distribution of the COVID-19 vaccine** to HPS staff.
- Phased-in **return to fully in-person** learning, beginning with younger grades.
- Implement **equitable academic opportunities** to combat learning loss.

**Continued use of health and safety protocol, including masks and social distancing**
